Document Body

Hi Jim and Tony,
U.S. EPA has reviewed Draft Characterization, Remediation, and Final Status Survey Work Plan for Building 233 –Treasure Island. Based upon a review of the aforementioned document the U.S. EPA has the following comment:

- Please modify the work plan for the final status survey (FSS) report in order to present the data in a format which will demonstrate compliance with CERCLA risk-based cleanup goals.

Please do not hesitate to contact me or Rob Terry should you have any questions concerning this matter.

Thank you,
Melinda
